

Grocery Kit Help to the Destitute

She is Leelamma Moncy. She is 69 years old and works on daily wages at a paddy field. Sometimes the owner calls for her help and pays a very little wage, but still that helps her a lot for her survival. Her husband is physically not well, so she needs to take care of most of the things at home. She has two children, they are married and settled in their life. They help sometimes but now due to the crisis they are also not able to help that much. She is very thankful to IEM for the great help given to her. She was very happy to receive the groceries.

Her name is Sally Thoma. Her husband is a two wheeler mechanic. They have two children, and also her elderly parents are staying with them. Her father-in-law is going through many medical treatments for diabetes, cholesterol and B.P. This family has a lot of financial problems, and the Covid crisis has made their family situation worse. She thanked IEM for including her family with a grocery kit.

His name is Babu Joshi. He is working at a small mobile shop, somehow surviving because of this job. His father is not able to work, so all the responsibility is on him to look after his home. He is married and has a five month baby. He is worried because of the Covid, since very few customers are coming to the shop. As he is getting much less income, it's becoming very difficult for his family to pass each day. Also he has lot of pressure from his owner to do something, otherwise he will lose his job. During this time he is very thankful to IEM for the grocery kit.

Her name is Subina, and she is a widow. During the Covid lockdown she had to go through some days without food, because of no work and funds. Our kit was a great help to her. She is worried how things will work out in the future if the Coronavirus continues, and where she will get work. She is thankful to God for bringing IEM to help her.

Her name is Ammanikutty. She is 75 years old. Her husband passed away two years back. She is staying with her son's family. They are looking after her but during the Covid her son is having lot of problems with his job, so it is becoming very difficult for him as there is no proper income at home. Her son has two children, so many times she also feels troubled. She has thanked everyone for their great help.
